Reverend Sir

I rec.d your favour of 17th Inst. and acquainted the Society with the Contents of it, to whom they were very acceptable, and I am ordered to send you their Thanks for the above of it

They are glad to hear that you have entertaind thoughts of writing something against the Corrupting might say the Debauching Diversions used in the Whitson Holidays or other times of the Year which they will be glad to see not under the Title of a Sermon or Discourse but a Serious Exhortation ag.t Country Feasts commonly known by the name of Whitson Ales, Wakes &c.

These are justly Styl'd Paganalia in some authors since the Morrice Dancers about the May Pole and other ludicrous Customs are undoubtedly deriv'd from our Pagan Ancestors tho' I could never learn any good Authority even from Paganism to warrant the Barbarious Custom of throwing at Cocks &c. on Shrove tide.

I call'd on your Brother to whom I gave your letter & shall send the Books you have desir'd as soon as they can be got ready but he telling me it would be sometime before he should have occasion to send any parcell to you he was so kind as to furnish me with 3 Franks covers to MSS. concerning Phlegons Testimony &c. which I forwarded to you last Tuesday and do hope to receive by the same or last Post St. John's [illegible]

Sir

Since Tuesday last I received a letter from good Mr. Hales of Teddington recommending Mr. Vatt of Switzerland for the conductor of the Saltzburgers to Roterdam. and this Morning he called on me to tell me that you approv'd of his Proposal I told him if he could get Sr. John Philipps to joyn with you in authorizing me to write this night to Mr. Urlsperger to stop his contracting with any body else I would venture to do it, depending upon the Committee approving next Tuesday of such Direction. Mr. Hales went to Sr. John's but he was gone out, he then went to the Excise office in hopes of meeting you there to obtain your Letter to Sr. John recommending it to him to joyn with you in comanding me to write by this Post to Mr. Urlsperger to stay his hand in contracting with another person who perhaps may not be able to correspond with you in English, as you would wish he might be able to do, by almost every Post while they are upon the Road which Mr. Vatt would be very capable of, & exceedingly pleas'd to do such a Service for the English Nation, with all the frugality that perhaps any man in Germany could do.

I submit to you whether you will send by the Beaver a letter to Sr. John to this Purpose or delay it till next Tuesday, but if you choose the latter, it may be too late to prevent Mr. Urlspergers contracting with some person too far to be able to retreat which is submitted by

As his Residence is at Augsburg letters directed thither to him will come to hand tho' he shou'd be gone to Ratisbone.

You may depend on't that your Expences to and fro in this Service will be Defray'd by the Society.

As I am Going into Hampshire for two Months whatever you shall have occasion to write on this Subject Please to write to Mr Newman and not to me.

The Parliament has given us 10,000 £ and there are daily Liberal contributions coming in from private hands as also by Collections from house to house in Several Parishes of London where the Ministers of the respective Parishes do in their Sermons exhort their People to Liberality on the occasion so that we have a good prospect that our Colony will Flourish we are in so perfect good friendship with the Native Indians that they are well pleasd with their Neighbours

Revd. Sir

I am again Solicited about Dr. le Croze's Legacy of £20. to the Tuesday's Lecture at Reading — with a signification from Mr. Fuller at Yalendon that the Corporation of reading will receive it, and give such a discharge for it as I shall think proper I have since called at Mrs. Le croze's Lodgings but she is gone into the Country, however I met her Brot. and acquainted him with the contents of Mr. Fullers Letter, he ask'd me whether the Corporation would be willing to refund the £20. l. to her or her other heirs in case the Tuesdays Lecture should be discontinued or drop, as another charitable

charitable foundation to which Dr. Le Croize left 20 l. towards building a schoolhouse has actually done, viz. a Charity School at Old Windsor where Mrs. Le Croize had no sooner paid the 20 l. to the Church-wardens and 10 l. more for the Poor of the Parish but the School dropp'd and the Churchwardens refuse to refund the Money tho' as the case stands Mrs. le Croze thinks she has more right to it, than they and is adviz'd to complain ab.t it to the next Commission for Charitable uses in General.

To all which I really could not tell what answer to make, but promis'd I would write to a friend at Reading whose advice I could rely on to be inform'd, which therefore I beg of you, for I think it will be unreasonable to adevise the Widow to pay another such legacy, if the use it is paid to is not likely to subsist according to Dr. Le croze's wishes & expectation.

We have had no late advices from Germany ab.t the Salz-burgers but daily expect them.

The University of Cambridge has remitted 212 l. towards their relief, and endeavours are now using to dispose the University of Oxford to do Something in their favour at their Approaching Act, where perhaps you may give your presence to animate such a disposition.

They desire at the same time that you will be pleas'd to forward M.r Wilson in so good a work, and no time is thought so Proper by the Society to apply to you than this, when the Publick Occasion brings most of your Members together —

Rev.d S.r If this find you in Town the Society would be glad to be favour'd with y.r Company here next Tuesday Morn. to advise them in the distribution of a ~~Present of~~ 100. Hebrew Books in the German dialect lately sent from Germany entituled Light in the Evening. The Reading of which has disposed many Jews abroad to look into the N. Test. and to believe that Jesus X.t is the Messias. This N. Test is made

to try

to try our Jews in England: But whether the German Dialect be intelligible to them, & their great worthy mindedness will prevent their attention to any information of the Messias, is what y.d observations to this effect may enable y.m to advise the Society about in order to their making the intended use of these Books. I am Rev.d S.r

The Book was made by a learned Christian a few years since in the manner of a Dialogue in the Jewish Style between a Rabbi and a Jewish Merch.t wherein the Jewish Merch.t brings the principal Argum.ts he has met with amongst his acquaintance to prove that Jesus is the Messias and at last the Rabbi is oblig'd to make so many concessions, as leaves it very probable that the Messias is come, tho they have refus'd to believe it, for ages past.

Rec.d and D.d ans.d

I receiv'd your favour of the 29th last Month N.S. the contents of which were this day laid before the Society, and were so acceptable that they are very glad to find you are not weary of the good office you have accepted & thank you for it.

And in answer to it they are glad to observe that Mons.r de Reck and Mons.r Hugo His Majty.s Minrs. at Ratisbone are so fully instructed by orders from hence to give you what Assistance they can to facilitate the Passage of any of the Saltzburg Emigrants that shall be disposed to accept of a conveyance to Georgia on the terms mentioned in any former letters.

The Trustees for the New Colony of Georgia act under the Royal Authority and all the Property of the lands in Georgia is by His Majesty vested in them, in as strong terms as possible impowering them to dispose of the said lands to whom they please and therefore what they propose & recommend in favour of the Saltzburgers, may be justly look'd upon as done under that Authority

His Majesty's Rescript to the Embassy at Ratisbone seems to Authorize their granting any assistance they can to further the Design of the Trustees for Georgia, and of the Society in favour of the Protestant Emigrants, but if any further Authority is wanting, and you please to signify in what manner that can be done the Society will endeavour to obtain it

The Society are of opinion that the single Natives that shall offer themselves to go to Georgia must be

maintain'd at their charge till those made Number shall make up 100. sufficient for an Embarkation in one Ship that will be ready to receive them at Rotterdam as you shall advise of their motion thither.

In answer to your desire for sending more than one Minister, the Society are inclined to send two Ministers, & one Schoolmaster, with the Colony of Protestant Emigrants that shall be disposed to go to Georgia, and that those persons receive their Ordination at Augsbourg or some other Protestant Church in Germany, before they depart thence. But as the charge of their transportation, will be considerable, the Society leave it to your Prudence to settle the Salaries of those Persons as frugal as you can, the Society relying on good Providence to enable them to comply with what you shall stipulate in their names.

If the Person recommended for a School master be also able to perform the office of a Catechist or Clerk in assisting the ministers it will be so much the better in all which as I said the Society confide in your prudence for making a proper choice. Let me hear from you as often as any thing material occurs in this Service, and you will oblige the Society as well as

P. S.

Though I know you han't time to read long Letters yet you'le be glad to hear somthing of the Saltzburgers; Mr. Urlsperger has by a long letter of the 29th. of June N.S. inform'd the 4. last wrote by order of the Society to the Mr. Ziegenhagen last Tuesday interpreted for want of time to make a regular Translation

Mr. Harlop by order of the King has sent His Majesty's Rescript in very strong terms to Mons.r de Beck and Mr. Hugo his Minr. at Ratisbone for Zell & Lunenburgh, to give all the assistance they can to Mr. Urlsperger and the Society's Correspond.ts for facilitating the Passage of any of the Saltzburg Emigrants to Rotterdam.

Among other things Mr. Urls: wanted to know whether he might pick them up by Dozens and keep them at the Society's Charge till a Ship Load could be collected which by order of the Society I have answer'd in the Affirmative last Post.

They have likewise agreed upon the recommendation of Mr. Urlsperger to send 2 Minrs. & a School master to take care of the Foreign Protestants in Georgia and to accept of such Ordination as they can have at Augsburg or other Protestant Churches in Germany there being an absolute necessity of dispensing with this in regard of Language and circumstances of these People who are to proceed with their Flocks directly from Rotterdam; for other particulars give me leave to refer you to my next. only to add now that the Trustees [illegible] next month to wait for the reception of such as shall [illegible] Saltzburg.

To the Rev.d Mr. Clark Deacon Dome

Rev.d Sir

I had not time to tell you last Tuesday that Mr. Urlsperger by a letter of the 25th. June N.S. signifys that His Majty by a Rescript to his Minr. at Ratisbon Mess.rs de Reck and Hugo has in very strong terms order'd them to give all the assistance they can to Mr. Urlsperger and any other Agents from the Society to facilitate the Passage of the Saltzburg Emigrants to Rotterdam for Georgia and in answer to Mr. Urls: enquiry whether he might pick up the Emigrants by Dozens or less numbers & keep them at the charge of the Society if he has collected a Ship Load, I have by last Post by order of the Society signify'd that he may do it

The Society have likewise consented to sending 2 Ministers and 1 School master with the Saltzburg Emigrants to supply accidents by Mortality, and also to their accepting Ordination to Augsbourg or some other Protestant Church in Germany in regard to the Language and circumstances of these people who are to proceed with their flocks directly from Rotterdam at which place the Trustees for Georgia intend to have a Ship attending next Month for their reception.

Rev.d Sir

By the last Post the 3.d Curr.t I acknowledged the Receit of your Letter of the 29.th of June N.S. & answer'd such particulars there of as I had rec.d the orders of the Society upon.

I am now to inform you, that whereas in my last Let.r it was propos'd to send 150 Emigrants in one Ship, the Trustees for Georgia upon further consideration at a Meeting they had the 4.th Curr.t are of opinion for some good Reasons, that the first embarkation sh.d consist but of 70 Passengers, who will be sooner dispatch'd than a greater Number, and therefore they have order'd a Ship to lie at Rotterdam well accomodated for the Reception of that Number as soon as you signify that they are on their March thither

They desire you would as near as you can signify their Quality viz.t How many Men, and Women with their Age & Professions, the Number of Children computing those under 15 Years of Age and above 2. Years at the allowance of 3. for 2. Passengers of grown People (it being usual to allow the passage of 3. of that Age for the price of 2. Adult persons) and all under two Years of Age (being suppos'd to live at their mothers breast are with their respective Mothers estimated as one Passenger) that accomodations may be made accordingly.

In case of sickness the Cap.t will be provided w.th the usual necessaries of Medicines &c.a for their relief that nothing may be wanting to make their passage comfortable.

One Minister 'tis hop'd will be sufficient to attend this first

Embarkation,

Embarkation, and that they may be ready to depart from Rotterdam

Dispatch you make in sending them forward from Germany by

His Majesty has by a Rescript to His Ministers at Ratisbone M. van de Leek and M Hugo given directions to procure proper passes from the several states thrô which they are to pass & likewise to give any assistance in their power to the Society's agents for facilitating the passage of these People. A greater number would have been desir'd, but the Colony of Georgia being in it's Infancy it was not thought advisable to aim at sending more the first year. And it is propos'd to send these in 4. I wrote last Post to my Lord Primate to acquaint his Grace that I had the last Friday see the Kings Letters Patent to the Lord Lieu.t for passing the Irish Charter which has been so long wish'd for. The D. of Dorset is at his Country seat in Kent or else it would have been sent over last Post, but Mr. Potter his Grace's Secry a pour'd one nothing should be wanting in him to get it Dispatch'd by this Post, if it could be so soon return'd from My Lord Duke of Dorset, because the first of August next is the first Quarterly Meeting day, or the 1.st Wednesday in November which shall happen most convenient to the Members to open their Charter on.

I congratulate Your Lordship and all the worthy Members of the Corporation that are intrusted by his Majesty for executing all the good purposes mention'd in the Charter, and hope it will prove a lasting and effectual Bulwark against Popery, and a powerfull support to the Protestant Interest in Ireland, and wherever the Influence of it can be extended

It may now be thought a proper time to say something in the News Papers concerning the Design of this Charter in the manner the Society in Scotland have made themselves known to the Publick; and by that means obtain'd many Legacies or other Benefactions in their favour:

But no body can do it so properly as the Gent on your side the water: when it can be said that the thing is actually

begun

begun and the Charter opend in Dublin, in order to pursue the intents of it

Your Lordships last letter was dated at Maherlin but for fear your Lordship should not be there, this is Directed to be forwarded by the Post master of Dublin to Your Lordships residence.

I had a Letter last post from the Good Dean of Windsor by which he desires me to Recommend Don Louis de La Torres to be plac'd in the Family you mentiond at Hanworth for the sake of lessning the Charges of Boarding him, ~~cheaper~~ The last Chapter at Windsor have agreed to allow him 5. The 2. Clergymen you mentiond as Boarding at the same House is a great inducement for improving him in English and his Behaviour at Windsor has so much recommended him that it is hopd he will allways preserve the same good Character he has acquird there.

It is not proposd to remove him till sometime the Beginning of next Month before the Installment of the new Knts of the Garter But the Dean intends to furnish him with a ticket to Entitule him to see the Ceremony and to accept of a good Dinner for which he may Go to Windsor the day of the Installment.

I had the honour of your Ladyships Lettr of 24. June which I Covered to the Dean of Windsor and last post received a Lre from him agreeing with your Proposal for removing Dor Lewis to Hanworth the Place recommended by Dr Hales of Teddington, and I have accordingly wrote to Dr Hales to Expect him the Beginning of next month for Capt Rogers where he is will take no advantage of his leaving him in the middle of a quarter but be Content to be paid by the week for any fraction of a Qur. The Dean says he has behavd himself very well and daily attends divine Service in the Church, that at his desire the Chapl. have agreed to allow him 5. Guineas towards his subsistance there That he improves in English so well that he hopes in a few months more in good Company he may be capable of Service at Minorca as Chaplain to Genl Pulteney's Regimt. for wch I have Engagd 2 of Col Hanes Correspondents to write to him and I shall do the same my self now I can write more peremptorily to him. The Dean writes to me that this week there is 10.l due for his board and 6 or 7 pounds more for Carriage of Goods Washing Horsehire and Sevl other things wch he has ordered to be putt into a Bill

The Dean Intends to invite him to the Instalmt from his new Lodging and to Continue all the Civilities to him in his power Notwithstanding his removal and both he and I hope God will incline such as your Ladyship may apply to to give such further Assistance as may be wanting for the Support of a Good man who has forsaken all his friends of the Rom Communion to Embrace the Profession of the Protestant Com.

Tho' your Ladyship be not now in waiting perhaps a Letter to some Friend at Court may raise some Benefactors I I have got 2. Guineas from Sr James Lowther and 2 Guineas from Mr Vernon Comr of the Excise but doubt I Can do little more having daily Occasion to Solicit Benefactions to the Saltzburghers My humble Service to your Daur and pleased to be Assured that I am with great Respect

If Application cou'd be made to Sir Jos: Jekyll I am satisfy'd he wou'd do something very handsome notwistanding he has lately Given 500 l. and his Lady 100. l to the Salzburghers when you meet any of the Judges at Court I am persuaded upon your recommendation they wou'd not refuse their Assistance and Some others in the approaching time of Joy on the Nuptials to be there Celebrated.

I am Glad to tell you that last week a Charter was sent over to the Lords Justices at Dublin, to incorporate a Society for Promoting English Charity Schools in that Kingdom which his hop'd may have some good Effect there for the prot. Protestant Interest

that unless their stumbling it, will advance their Temporal Interest as well as Spiritual, there are I doubt but few will be prevail'd upon to look into it. Rev.d and Dear Sir

I Received by last Post your very acceptable Letter of the 10.th Curr.t N.S. and this morning Acquainted the Society with the Contents of it who were very Glad to hear of the recovery of y.r health and safe Return from Saxony May it long Continue for the Good use You make of it.

The Society think themselves obligd and desire you would Give their thanks to M.r Münch for his ready Payment of all their Bills on him particularly the last for 300 £. which they Entirely approve of your reserving for such Emigrants as shall be Inclind to Go to Georgia.

The Season of the Year being far advanced the Trustees for that Colony and the Society are Earnestly desirous that no time may be lost to dispose the Emigrants you have Engagd with others to make up a Sufficient Number for the first Embarkation which they hope may Easily be done if you Can Engage the 50. Zirtzbergers Lately Returnd from Leland to be of that Number.

The Society are absolute Strangers to the Complaints you mention of the Palatines in Pensylvania who resort thither in such vast Numbers of their own Accord without invitation as must be attended with great inconvenience especially to such as are not Able to Pay their passage and have nothing to begin with

with but must perhaps sell themselves for 3. or 4. Years as Servants to Defray these Expences, and Acquire their daily Subsistence. These inconveniences must therefore lie at their own Doors by what appears to the Society but the Case of those that go to Georgia upon Invitation whether they be of his Majestie's Subjects here or of oppressed Protestants from Salzburg is Entirely different The Trustees contract with Masters of Ships for their transportation in the most comfortable manner wherein they take all the Caution they can not to be disappointed by Employing only Persons of Integrity and Experience, and whatever they have Stipulated has hitherto been punctually observed nor Can the Trustees be Supposed to have any interest in suffering themselves or their Dependents to be deceived

The King's Embassy at Ratisbon have already this May^{th} Instructions in this Affair and the Trustees for Georgia can have no Greater Authority than they have to Give Sanction to the Proposals they have made and which to prevent all Ambiguity was therefore Sent to you in High Dutch;

The Society thank you for Your early Care in choosing two proper Persons to attend the first Embarkation as Religious Instructors; And the Trustees hope since they are willing to send a Ship on purpose for so small a Number as Seventy that you and your Friends at Ratisbone will soon be able to dispatch them to Roterdam while the Season for travelling is so Agreable as it is under a proper Conductor, which the Society leave to your Prudence to make choice of as formerly Signifyd..... Your next Letter will be Exceedingly welcome if it Bring Neare of your having obtained a Sufficient number for the first Embarkation there being a Ship now ready in the Thames to sail to Roterdam upon the first Notice you shall Give to

Rev.d S.rs

You will pardon the liberty I take in addressing to many of the Society's Members at once, because of our being at a loss at this Juncture to introduce the Revs. Mr. Brown and Mr. Peirce who had at Yale Col. in His Majesty's Colony of Connecticut in America a right of the University of Oxford. They are Purpose to receive Holy Orders to qualify themselves for the Service of the Church of Engd. in that part of the world, and have been so well recommended to the Bp of London that His Ld.p has readily conferr'd on them the Deacon's & Priest's Order, and upon His Lp.s recommendation they are just now admitted to the Vacancies under the Patronage of the Society for Propagat. the Gospel, but before their return, which is to be speedily soon, they could not decently pay their Honours to your celebrated fountain of Learning nor could I refuse them an introduction to the acquaintance of any of the worthy Gent. to whom this is addressed, being in private hands this may come well

well assur'd that I cannot take more [illegible] than in making them this little compliment. than you do in shewing the great civilities [illegible] all Strangers [illegible] at Rotterdam wherein you take so much pleasure I have no reason for making any apology for the liberty I take only [illegible] I shall be proud of embracing any occasion to convince you of my gratitude for your favours to them. beside acknowledging my self at all times with all possible respect Rev.d S.r Your most obed.t and most humble Serv.t H. Since wch by the last Post I have yours of the 14th August in answer to yours of 10th Curt. N.S. which together with the Papers and Letters and Papers accompanying them were this day laid before the Society who thanks you for the pains you take to inform them early and particularly of the motion of the Emigrants.

You will please to observe that I acquainted you in my former Letters that His Majesty has graciously invested the Trustees for settling the New Colony of Georgia with the whole Power necessary for that Service & therefore what you mention of Proper Powers from hence relating to those Emigrants wch shall be dispos'd to go thither must come from that Corporation and you need not doubt but such Power as shall be thought proper will be sent to you under their Common Seal after the matter has been submitted to their consideration wch will be at their next meeting to Morrow.

As to the Society for Promoting Christian Knowledge I formerly acquainted you that they are a Voluntary Body of Men who do not act under a Royal Charter as the Trustees for Georgia do, but in this affair have concern'd themselves as private Men, out of Pure Pity & Compassion to the Sufferings of their Protestant Brethren, though they have had His Majesty's approbation for what good Offices they intend to do in this affair.

The

The Society are glad to hear you have the approbation of the Kings Embassy at Ratisbon for publishing what was sent to you by way of Description of Georgia & desire their Excellencys may be assured of their sincere thanks for all their good offices in promoting the Design in hand for making a Settlement of the Emigrants in that Province.

The Society are much concern'd to hear of the return of some of the Emigrants from the Island of Cabsant and should be more so if any just occasion was given em of disaffection by the misbehaviour of those who had the conduct of that Settlem.t but you may be assur'd that the utmost care under the good Providence of God will be taken here by the Trustees for performing and making good all that they have promis'd in behalf of such Emigrants as are willing to settle in Georgia.

The Society heartily wish you all manner of Prosperity and at the same time I assure you that

Revd Sir

A Continual Hurry has prevented my acknowledging the Recd of Your favour of 23. of last Month. Dr Hales has given Notice to the Gentlewoman at Hanworth not to expect Don Louis De La Torres and by a Letter I have from Mrs Fichborne she agrees to your placing him in the Lodging offerd at Windsor with Diet &c at the rate of 18l p Annd. towards which she has recd 5. Guineas more viz.t

	£	s	d
from the Revd Dr Hales at Teddington	1	1	0
The Revd Dr Waterland	1	1	0
Wm Belitha Esqr	3	3	0
I have also 5. Guineas more Viz.t from	5	5	0
The Rt Honble the Lady Torrington	3	3	0
Mrs Dyonisia Long of Twickenham	2	2	0
	5	5	0

So that after paying 8 Guineas for the Incl.d Rect I have eight Guineas in my hands for the ready demand on Account of Don Louis and hope Good Providences will raise up Friends to Contribute what else may be necessary for his Support

I dont know whether he pursues his first intention of Employing himself in Teaching Translating the 4. Gospels or the English Liturgy into the Minorcan Language, but if he does so spend his time and it be approved by some Critick who may be Consulted therein it will very much recommend them to his Friends the Contributors & I hope means may be found to print it. London. 7. Sepr. 1733.

Rev. & Dear Sr. I receivd both yr. letters of the 31st. of Aug. & 3d. Sep. N.S. in due time, and immediately acqted. the Society with the contents of them, who you may be sure were not a little pleasd with the hopes of seeing some effectual fruit of all their concern & yr. toil towards relieving their persecuted Brethren, which yr. last seems to give them some prospect of.

To answr. yr. letters more fully I think I cannot do better than to place yr. Enquiries in the order you have transmitted them, with the answers I am instructed to make thereto, tho I must observe to you that I have in my former Letters answd. most of them already.

Qr. 1st. Enery is whether these People, their Children & Posterity shall continue to have liberty of professing the Lutheran Religion and shall have the use of a Minr. & Catechist continued to them?

Answr. The Colony of Georgia is establishd upon the Foundation of liberty & Toleration. With respect to a Minr. the Protestant Saltzburgers will be in the same circumstance, and have the like Privilege as the Church of England Inhabitants whose Minr. is supplyd by the Trustees, and will be maintaind till they shall be in a condition to support him in the Colony.

The 2d. Article seems to be a Request rather than an Enquiry viz. That they may be planted as near as possible to each other, in order to their mutual assistance, and that they may meet with more ease as well as frequence at Divine worship, and to have their Childn. instructed.

Answr. The Trustees for Georgia have so much regard to this request, that they have already given previous Instructions, and will repeat them, that the Saltzburgers may be placed as near as possible to each other, being very desirous that persons who have so good a Sense of Religion as to leave their all for the sake of Jesus Christ, should have all possible Encouragement, assistance from their Fellow Christians to keep them stedfast in the true Faith, and to enable them to transmit the same to their Posterity.

Qr. 3d. Whether care will be taken that they shall not be mocked and ridicul'd upon accot. of their Habit, Behaviour, and Language, as has been done in Zeeland?

Answr. Such behaviour towards Strangers is very unbecoming and what is lastly (by all good men) to be abhorr'd, care will be taken that they shall not be so treated.

Qr

Qu. 4. Whether the Saltzburgers may be secure of Property in their Lands & Goods, and that they shall not be oblig'd to enter into Services?

Answ. The Trustees for Georgia always designd that Lands should be given to them, and that they should have the same Liberty as to their Property & the same Property in their Lands & Goods as the rest of his Majesty's Subjects there.

To the Qu. about Numbers to be sent.

Answ. The Trustees ~~and the~~ would be very glad to have as many of the 300. as you can get sent away as soon as possible, and that you give us as early notice of their coming as you can, upon which they ~~Trustees~~ will take immediate care for their reception & transport, but as there cannot go more than a Hundred in one Ship, it may be convenient that such a number should travel first, & the other follow at some little distance. You will be pleas'd to take notice that any number from 70. to 100. may be carryd in one Ship, but rather than not make a beginning, if you can get us more than will accept of 60. for the first Company, and hope to hear by yr. next that you have sent that Number, and engagd a Minr. and Catechist to attend them. After the first number are dispatch'd a sufficient number should be ready to make a second Party, you are desir'd to send them with another Conductor ~~Company~~, and if you are assured of 2. Companies it would be prudent to send a Minister with one in one Ship, and the Catechist with the other, but whether to send one or both at the same time is left to yr. discretion.

The Society take notice of a false report raised about the great Mortality which might probably attend them; but by the Accots the Trustees for Georgia have received from their Settlemt of the Persons that went ~~over the last~~ ~~fraction~~, but one only, and he an Elderly Person died there since their arrival ~~which is~~ about ½ a year ago.

Your Powers for acting in behalf of the Trustees are drawn up, and would have been transmitted by this Post, but the Season of the year carrying so many Gentlemen out of Town, there were not a sufficient number of Trustees to sign it, however you may expect it will be sent by the first opportunity under cover to His Majesty's Envoy at Ratisbon

If you please to signify how yr. Money shall be taken care will be taken to supply Saltzburgers, or if on a sudden emergency you should want Two or three hundd. pounds you may take it up & draw upon Sr. John Philipps Bart who is impowered to answer it upon your giving me advice thereof, to which if you please [illegible] mentioning which give me leave to put you in mind of [illegible] made you forget viz. that you have acknowledg'd the receipt [illegible] Letter to me but have not sent a Receipt for [illegible] I wish you all manner of prosperity & am [illegible]
